INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Northeast South Dakota Economic Corporation

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Northeast South Dakota Economic Corporation dba GROW South Dakota (a nonprofit organization, hereafter referred to as "NESDEC")**, which comprise the statement of financial position as of September 30, 2025, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of NESDEC as of September 30, 2025, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NESDEC and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NESDEC's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NESDEC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about NESDEC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited NESDEC's 2024 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 16, 2024. In our opinion, the summarized comparative information presented herein as of and for the year ended September 30, 2024, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2025, on our consideration of NESDEC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of NESDEC's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering NESDEC's internal control over financial reporting and compliance.

NORTHEAST SOUTH DAKOTA ECONOMIC CORPORATION
dba GROW South Dakota

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

1. **NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Principal Business Activity

The Northeast South Dakota Economic Corporation (NESDEC) was incorporated in 1978 as a nonprofit corporation. In 2012, NESDEC underwent a branding campaign and is now doing business as GROW South Dakota in combination with the Northeast South Dakota Community Action Program (NESDCAP) and GROW South Dakota.

NESDEC operates under a Board of Directors selected from statewide service area. NESDEC's mission is to stimulate economic opportunities through loans, technical assistance and partnerships.

The primary purpose of NESDEC is to provide financing to small- and medium-sized businesses in its geographical area. NESDEC maintains a variety of revolving loan funds funded through various grant and loan programs. In addition, NESDEC also funds housing and other programs.

Financial Statement Presentation

NESDEC is required to report information regarding its financial position and activities according to two classes of net assets: net assets with donor restrictions and net assets without donor restrictions.

Summarized Comparative Financial Information

The financial statements include certain prior-year summarized comparative information in total, but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with NESDEC's financial statements for the year ended September 30, 2024, from which the summarized information was derived.

Cash and Cash Equivalents

For purposes of the statement of cash flows, NESDEC considers all highly liquid securities with an initial maturity date of three months or less to be cash equivalents. Certificates of deposits, regardless of maturity, are not considered to be cash and cash equivalents. Loan guarantee - certificates of deposit are not considered cash or cash equivalents.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

1. **NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,**
continued

Receivables and Credit Policies

Notes receivable are stated at principal amounts plus accrued interest and are collateralized. Payments on notes receivable that are received after a 10-day grace period are assessed a delinquency fee. Due to the uncertainty regarding collection, delinquency fees are recognized as income when received.

The interest rates charged to the borrowers correspond with the customary rates applicable to the nonprofit industry. NESDEC considers these rates to be reasonable and of market comparison for non-profit lenders and has not made any adjustment for imputed interest that would be applicable to higher interest rate conventional loans.

A note receivable is considered delinquent when the debtor has missed a payment. Loans placed on non-accrual status are determined by the loan committee. Interest resumes when principal on non-accrual status loans has been paid current. Management reviews the status of the past due notes and collection proceedings begin as management deems necessary.

Payments of notes receivable are allocated first to fees, then to accrued and unpaid interest with the remainder to the outstanding principal balance. Interest income is recognized when due.

The carrying amount of notes receivable is reduced by a valuation allowance that reflects management's best estimate of the amounts that will not be collected. Management reviews all notes receivable and based on an assessment of current creditworthiness, estimates the portion, if any, of the balance that will not be collected. Additionally, management applies a risk rating calculation based upon various factors including collectability, collateral and ability to make payments to the aggregate remaining loan receivables to estimate a general allowance covering those amounts. This evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

Allowance for Loan Losses

NESDEC utilizes a Current Expected Credit Losses (CECL) model to maintain an adequate methodology for estimating and maintaining allowances for credit losses to properly reflect the value of receivables on the Statement of Financial Position.

NORTHEAST SOUTH DAKOTA ECONOMIC CORPORATION
dba GROW South Dakota

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

1. **NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,**
continued

Allowance for Loan Losses, continued

The primary objective is to provide an estimate of what NESDEC expects to collect. This CECL model recognizes historical credit losses, delinquencies, and reasonable and supportable economic factors.

NESDEC uses five years of charge offs to determine historical loss. In order to accurately project how economic factors affect NESDEC, management evaluates certain factors that may impact repayment. NESDEC uses factors such as, but not limited to: SD unemployment rate, national inflation rate, prime interest rates, pandemics, natural disasters, wars, and political turbulence when determining the economic factor. NESDEC uses the Delinquency Report, at a discounted rate, to evaluate current conditions periodically.

Lease Receivable

NESDEC is a lessor for the lease of a building. NESDEC recognizes a lease receivable and unearned lease revenue.

At the commencement of a lease, NESDEC initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The unearned lease revenue is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. The unearned lease revenue is recognized as revenue over the life of the lease term.

Key estimates and judgments include how NESDEC determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- NESDEC uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable are composed of fixed payments from the lessee.

NESDEC monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and unearned lease revenue if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Property and Equipment

Purchased property and equipment in excess of \$10,000 are recorded at cost. Donated property and equipment are valued at estimated fair value on the date donated and are reported as unrestricted contributions when placed in service unless the donor has restricted the use for the asset to a specific purpose or time period. Contributions of cash or other assets that must be used to acquire property and equipment are reported as increases in net assets with donor restrictions until the assets are acquired and placed in service as instructed by the donor, unless the donor has also required that the acquired asset be used for a specific purpose or time period. If the donor requires property and equipment to be used for a specific purpose, restrictions on net assets are released as the asset is depreciated. If the donor requires property and equipment to be used for a specific time period, restrictions on net assets are released evenly over the period required.

Costs in excess of \$10,000 for renewals and improvements that significantly add to the productive capacity or extend the useful life of an asset are capitalized. Costs for maintenance and repairs are charged to expense currently. When depreciable properties are retired or sold, the cost and related accumulated depreciation are eliminated from the accounts and the resultant gain or loss is reflected in income.

Depreciation is provided for over the estimated useful lives of the individual assets using the straight-line method. The estimated useful lives used in the computation of depreciation are as follows:

| | <u>Years</u> |
|-----------|--------------|
| Buildings | 7-40 |
| Equipment | 5-7 |
| Vehicles | 5 |

Investments

Investments with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in net assets without donor restrictions if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,

Investments, continued

Inputs to the fair value methodology include:

Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that can be accessed at the measurement date

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset either directly or indirectly. Level 2 Inputs include the following:

- Quoted prices for similar Assets or Liabilities in active markets;
- Quoted prices for similar Assets or Liabilities in markets that are not active;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means (market-corroborated inputs)

If the asset or liability has a specified (or contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 Inputs are unobservable inputs for the asset or liability.

Investments in equity securities without readily determinable fair value are stated at cost, net of a valuation allowance. NESDEC periodically reviews these securities for possible impairment to determine the level of the valuation allowance.

Foreclosed Property and Other Real Estate Owned

Real estate and other properties acquired through or in lieu of loan foreclosure are initially recorded at the fair value less estimated selling cost at the date of foreclosure. Any write-downs based on the asset's fair value at the date of acquisition are charged to the allowance for loan losses. After foreclosure, valuations are periodically performed by management and property held for sale is carried at the lower of the new cost basis or fair value less cost to sell. Impairment losses on property to be held and used are measured as the amount by which the carrying amount of a property exceeds its fair value. Costs of significant property improvements are capitalized, whereas costs relating to holding property are expensed. The portion of interest costs relating to development of real estate is capitalized. Valuations are periodically performed by management, and any subsequent write-downs are recorded as a charge to operations, if necessary, to reduce the carrying value of a property to the lower of its cost or fair value less cost to sell.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

- *Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor or certain grantor-imposed restrictions.
- *Net Assets With Donor Restrictions* – Net assets subject to donor or certain grantor-imposed restrictions. Some donor or grantor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor or grantor. Other donor or grantor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue when the assets are placed in service. Donor or grantor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenue Recognition

Contributions are recognized when cash or other assets are received. NESDEC's grant awards received are for specific purposes and are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when NESDEC has incurred expenses in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenses are reported as unearned revenue in the statement of financial position.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Functional Allocation of Expenses

The costs of program activities and supporting services have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the program activities and supporting services benefited.

Fundraising Activity

NESDEC does not maintain a formal fundraising or solicitation department. Currently, it does not conduct fundraising campaigns, door-to-door solicitations, telethons, mass mailings or special fundraising events. The program directors do, however, compile data and applications necessary to renew and obtain new grants. NESDEC does not track costs associated with this activity, but believes the time and cost for this activity represents a very small percentage of the program directors' time. Accordingly, fundraising expense is not segregated and presented in the financial statements.

Salaries and Benefits

NESDEC does not incur payroll, but reimburses an affiliate for wages and benefits paid for common employees.

Advertising

NESDEC expenses the costs of advertising as incurred.

Income Taxes

NESDEC is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, NESDEC qualifies for the charitable contribution deduction under Section 170(b)(10)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

2. LIQUIDITY AND AVAILABILITY

NESDEC regularly monitors liquidity required to meet its operational needs and strives to maintain liquid financial assets sufficient to cover 90 days of general expenditures. As part of a liquidity management plan, cash in excess of daily requirements is invested in short-term investments, CDs, and money market funds.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, NESDEC considers contributions restricted for programs which are ongoing, major, and central to its annual operations, as well as the conduct of services undertaken to support those activities to be general expenditures.

Notes receivable made without donor restrictions are not included in the analysis as principal on these loans are used to make new loans and are, therefore, not available to meet current operating needs.

In addition to financial assets available to meet general expenditures over the next 12 months, NESDEC anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise the following:

| | |
|-----------------------------|---------------------|
| Cash and cash equivalents | \$ 1,454,038 |
| Certificates of deposit | 2,890,000 |
| Accrued interest receivable | 72,848 |
| Other receivables | <u>484</u> |
| | <u>\$ 4,417,370</u> |

3. CUSTODIAL CREDIT RISK - DEPOSITS

Custodial credit risk is the risk that in the event of a bank failure, NESDEC's deposits may not be returned. NESDEC maintains cash balances at several financial institutions located in South Dakota. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. In addition, certain financial institutions obtained additional bank deposit guaranty bonds to cover balances not insured by FDIC. As of September 30, 2025, NESDEC's cash balances were fully insured and collateralized and not subject to custodial credit risk.

Allowance for Loan Losses

The following table presents the activity in the allowance for loan losses, including loan guarantees, for the year ended September 30, 2025, by portfolio segment.

| | Commercial | Housing | Total |
|-------------------------------------|-------------------|------------------|-------------------|
| Balance, beginning of year | \$ 376,628 | \$ 12,752 | \$ 389,380 |

| Balance, end of year | <u>\$ 258,780</u> | <u>\$ 61,921</u> | <u>\$ 320,701</u> |

NESDEC individually reviews each loan where all or a portion of the balance exceeds 90 days past due. Based on the assessment of the borrower's current creditworthiness, NESDEC adjusts the borrowers risk category which is used to calculate a portion, if any, of the balance that will not be collected. Additionally, on the aggregate remaining loan receivables, NESDEC estimates an allowance covering those amounts not specifically identified.

The ending balance as of September 30, 2025 in the allowance for loan loss is attributed to loans evaluated individually and loans evaluated collectively as follows:

| | Allowance for Loan Losses | | |
|---------------------------------------|---------------------------|------------------|-------------------|
| | Commercial | Housing | Total |
| Individually evaluated for impairment | \$ 2,068 | \$ - | \$ 2,068 |

Credit Quality Indicators

NESDEC categorizes loans into risk categories based on relevant information about the ability of borrowers to service their debt including current financial information, historical payment experience, collateral adequacy, credit documentation, public information, current economic trends, and other factors. NESDEC analyzes loans individually by classifying the loans as to credit risk. This analysis typically includes larger loans such as business loans. This analysis is performed on an ongoing basis as new information is obtained. NESDEC uses the following definitions for risk ratings:

Prime - Loans with a rating of prime are very low risk. The borrower is in a strong financial position and able to withstand adversity to the business. The business owner typically has a very high credit score, a track record of proven management ability, strong character and there is adequate collateral for the loan or loans. Repayment ability is proven by borrower's financial history and there is adequate cash flow to show a margin for adversity.

Desirable - Loans with this rating present a lower risk to NESDEC than many other loans but they are not as strong as loans rated prime. Losses from loans in this category would be rare. These loans are generally strong in all areas but are more subject to adversity than prime loans. There may be one or more areas with some minor weakness or vulnerabilities.

Satisfactory - These are average loans for NESDEC's portfolio. They are strong enough to show repayment and collateral coverage but typically show one or more weaknesses. There may be narrow margins for repayment and collateral coverage. The credit scores for the principals may be average or slightly below average. Adversity can quickly affect this type of loan and result in a lower risk rating when updated.

Watch - These loans have one or more definite weaknesses, which may include factors such as a lack of sufficient collateral, weaker cash flows, management weaknesses, poor credit ratings of the principal owners/managers or other risks. Loans with this initial risk rating should not be made unless there are ways identified to reduce NESDEC's risk such as additional collateral, other supporting income or a strong guarantor.

Doubtful - New applications with this rating should not be approved. Existing loans with this rating have proven to be high risk by their performance. They are past due or cannot reasonably demonstrate the ability to repay the loan. Collateral is often inadequate, deteriorated or missing. Loans with this risk rating assigned are typically already having problems with repayment. A loan rated doubtful has a reasonable chance for at least partial repayment.

Credit Quality Indicators, continued

Projected Loss - A loan designated as projected loss means our best estimate shows NESDEC will experience a partial or total loss of its loan funds. These loans have similar risk characteristics as the Doubtful category. The primary difference is that loan officers are able to make a reasonable estimate of what the expected loss will be. Projected loss loans should be presented to the board for partial or complete charge off.

NESDEC categorizes direct housing loans at origination into the satisfactory risk categories.

Credit Risk Profile by Internally Assigned Grade

Based on the most recent analysis performed, the risk category of loans by class of loans as of September 30, 2025 is as follows:

| | Commercial | Housing | Total |
|----------------|----------------------|---------------------|----------------------|
| Prime | \$ 3,348,523 | \$ - | \$ 3,348,523 |
| Desirable | 7,097,805 | - | 7,097,805 |

Loan Modifications and Troubled Debt Restructuring

Modifications of terms for loans and their inclusion as troubled debt restructurings are based on individual facts and circumstances. Loan modifications that are included as troubled debt restructurings may involve reduction of the interest rate or renewing at an interest rate below current market rates, extension of the term of the loan and/or forgiveness of principal, regardless of the period of modification.

During the year ended September 30, 2025, the concessions granted to certain borrowers included extending the payment due dates and lowering the contractual interest rate and did not include reducing accrued interest or reducing the debt's face or maturity amount.

At the time of the restructuring, the loan is evaluated for an asset-specific allowance for credit losses. NESDEC continues to specifically reevaluate the loan in subsequent periods, regardless of the borrower's performance under the modified terms. If the loan defaults after restructuring it is written off with notification to the Board.

10. COMMITMENTS, CONTINGENT LIABILITIES AND CONCENTRATION OF CREDIT RISK

NESDEC participates in a number of federal and private grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Compliance with applicable grant requirements for grants whose grant periods have not expired will be established at some future date. In the opinion of management, the amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although they expect such amounts, if any, to be immaterial.

NESDEC, as part of its normal business operations, grants credit in the form of notes receivable to businesses. The maximum amount of loss due to credit risk is equal to the outstanding balance on the notes. Risk ratings are reviewed annually on all notes, which include assessment of collateral and financial condition of the business. Allowances for loan losses are calculated based on the CECL model. NESDEC's policy is to review collateral and financial statements of the businesses on an annual basis. Collateral is required on all loans, typically a first lien or shared first lien on assets. NESDEC seeks to obtain the most secure position possible, including collateral such as inventory, equipment, accounts receivable, mortgages, vehicle liens and personal guarantees.

11. RELATED PARTY TRANSACTIONS

Northeast South Dakota Community Action Program (NESDCAP) is a nonprofit organization that promotes health, education and social and economic welfare to low-income, minority and disadvantage persons. NESDEC employees are also employed by NESDCAP. NESDEC reimburses NESDCAP for salaries, employee benefits and various administrative and program costs which amounted to \$749,850 for the year ended September 30, 2025.

NESDCAP leases office and storage space from NESDEC on annual leases. Total lease payments under these leases during the year ended September 30, 2025, were \$27,000.

Grow South Dakota is a nonprofit corporation formed to promote and foster economic, housing, and educational development in distressed communities and underserved markets in South Dakota and to purposefully serve low to moderate income individuals and communities. A minority of Grow South Dakota board members also serve on the NESDEC board. NESDEC reimburses Grow South Dakota for various administrative costs. During the year ended September 30, 2025, NESDEC paid \$-0- to Grow South Dakota for these administrative costs.

11. RELATED PARTY TRANSACTIONS, continued

NESDEC has a direct loan receivable totaling \$1,000,000 with Grow South Dakota, an affiliate. Interest earned on this loan during the year ended September 30, 2025, was \$30,000.

12. RETIREMENT PLAN

NESDCAP, an affiliate of NESDEC, maintains a defined contribution Simplified Employee Pension Plan. Substantially, all employees meeting certain eligibility requirements are covered by this plan. NESDCAP may contribute up to 15% of total employee compensation to the plan; however, the Board has set the percentage at 10%. Total employer contributions to this plan were \$199,379 for the fiscal year ended September 30, 2025, of which NESDEC paid \$114,463.

13. SUBSEQUENT EVENTS

Events occurring after September 30, 2025, were evaluated by management on December 12, 2025, the date the financial statements were available to be issued, to ensure that any subsequent events that met the criteria for recognition and/or disclosure in these financial statements have been included. There are no significant subsequent events needing disclosure.

Note 1: Basis of Presentation

This accompanying Schedule of Expenditures of Federal Awards (the schedule) includes the federal award activity of the Northeast South Dakota Economic Corporation under programs of the federal government for the year ended September 30, 2025. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Northeast South Dakota Economic Corporation, it is not intended to, and does not present the financial position, changes in net assets, or cash flows of the organization.

Note 2: Significant Accounting Policies

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The Northeast South Dakota Economic Corporation has not elected to use the 10% de minimis cost rate.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS

To the Board of Directors
Northeast South Dakota Economic Corporation
dba GROW South Dakota
Sisseton, South Dakota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Northeast South Dakota Economic Corporation dba GROW South Dakota (a nonprofit organization, hereafter referred to as "NESDEC"), which comprise the statement of financial position as of September 30, 2025, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 12, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered NESDEC's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of NESDEC's internal control. Accordingly, we do not express an opinion on the effectiveness of NESDEC's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether NESDEC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of law, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM
GUIDANCE

To the Board of Directors
Northeast South Dakota Economic Corporation
dba GROW South Dakota
Sisseton, South Dakota

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Northeast South Dakota Economic Corporation dba GROW South Dakota's (a nonprofit organization, hereafter referred to as "NESDEC") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on NESDEC's major federal programs for the year ended September 30, 2025. NESDEC's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, NESDEC complied, in all material respects, with the types of compliance requirements referred to above that could have direct and material effect on each of its major federal programs for the year ended September 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of NESDEC and to meet our ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of NESDEC's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to NESDEC's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on NESDEC's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about NESDEC's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding NESDEC's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of NESDEC's internal control over compliance relevant to the audit to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of NESDEC's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
