Weatherization Assistance Program

The home, as well as the applicant, will need to meet criteria for this program. It is the discretion of GROW South Dakota to cancel an application if the rehabilitation is not considered feasible.

- This program is in the form of a grant, there is no financial obligation unless the applicant is renting, in which case the **landlord** is responsible for 1/3 of the cost of the project.
- If your home has received weatherization services in the previous 15 years, it will not be eligible for this program.
- Rental units can be eligible if they meet the DOE requirements. The landlord is responsible for 33.3% of the total cost unless the homeowner's income falls below 200% of the poverty income guidelines. **There is additional paperwork that needs to be completed by the homeowner and applicant, prior to any approval for rental units.**
- Ownership must be verified. **A copy of the deed or property tax notice must accompany the application. Ownership for mobile homes requires a copy of the mobile home title.**
- A home audit is conducted by the GROW South Dakota Energy Auditor. Information is obtained and installed in the NEAT/MHEA computer program. This program will determine what measures, if any, are allowed to be installed on the home.

Energy saving measures to be considered may include but are not limited to:

1. Insulation, proper ventilation.
2. Air infiltration measures, weather stripping, glass replacement, foam sealant, caulk.
3. Minor health and safety measures, furnace clean and tune, water heater replacement.
4. Pressure balancing.
5. Furnace replacement/repair.
6. Minor repairs that will reduce energy consumption.
